# **APPENDIX G GHA FAIR ICE TIME (FIT) POLICY FOR COMPETITIVE HOCKEY**

## **INTENT**

The Gloucester Hockey Association (GHA) promotes the principles of fair-ice time (FIT) within its competitive/representative hockey programs. This FIT policy is meant to balance the concepts of fair play and sportsmanship along with the principles of age-appropriate player development and competitiveness. The intention of this Policy is to provide explanation, interpretation and clarification – it is not meant to prompt parents/players to begin scrutinizing the number and length of every shift.

## **CONTEXT**

It is important to differentiate that fair ice time is not equal ice time and that events within a single game (i.e. a significant number of penalties either for or against the team, number of whistles), or even events over multiple games (injuries and/or suspensions), can significantly increase or decrease any particular player's playing time when compared to any other player.

Coaches are encouraged to "roll their lines" as much as possible, to maintain competitive advantage/energy level for their team as games go on and should not shorten their bench on a regular basis, especially if preference is given to the same players every time. Coaches are encouraged to allow players, as deemed appropriate for their age group, the opportunity to experience as many different roles within the game as possible; as such Coaches are given some discretion to allow opportunities in a manner that recognizes a shift, based on the age of the players, in player development, team goals and objectives. It should be noted that Coaches are still able to adjust their lines on a game by game basis, reacting to the situations that the game presents and reacting to how individual players are doing in terms of effort and effectiveness.

## **SAFETY AND DISCIPLINE**

Regardless of this FIT Policy, Coaches and/or Trainers may choose to reduce the ice time of a player or goalie for reasons of safety or discipline, as is already described within GHA Rules & Regulations. Coaches must inform parents if their son/daughter misses ice time due to disciplinary reasons.

## **COMMUNICATION AND REPORTING**

Coaches shall communicate to the players and parents how they intend to apply this policy at the beginning of the season and keep players/parents informed when choosing to exercise the options available to them (i.e. changing the goalie rotation, in a playoff or elimination game reminding parents that they may choose not to use certain players during the last 3 minutes).

## **POLICY REQUIREMENTS**

### **U9 & U11 levels:**

Coaches of competitive U9 and U11 teams shall take measures to ensure players receive regular shifts throughout each and every game. Neither specialty teams nor a double rotation of strong players is permitted in any game. Goalies are to be rotated on a game by game basis.

### **U12,U13 and U14 levels:**

Coaches of competitive U12, U13 and U14 teams may not form specialty teams during the regular season but, during playoffs and elimination games, they may choose to not use certain players through the last three minutes of regulation time or last three minutes before curfew (does not apply to overtime) of a close game, to give the team their best chance of a win. A double rotation of any players is not permitted in excess of one period in any game.

Coaches of competitive U12, U13 and U14 teams shall start their goalies in the same number of games throughout the season, but the Coach may choose to adjust the rotation of game starts. In the playoffs, neither goalie should play more than 2 games in total more than the other.

Coaches shall communicate to the players/parents how they intend to apply this policy at the beginning of the season.

### **U15 ,U16 & U18 levels:**

Coaches of competitive U15, U16 and U18 teams may form specialty teams and designate certain players to be used in particular situations.

Coaches of competitive U15,U16 and U18 teams may choose to not use certain players through the last three minutes of regulation time or last three minutes before curfew (does not apply to overtime) of a close game, to give the team their best chance of a win. A double rotation of any players is not permitted in excess of one period in any game.

Coaches of competitive U15,U16 and U18 teams shall start their goalies in approximately the same number of games\* throughout the season, but the Coach may choose to adjust the rotation of game starts. In the playoffs, one goalie cannot start more than 2 games in a row in any series.

Coaches shall communicate to the players/parents how they intend to apply this policy at the beginning of the season.

*\*Approximately the same number of games would be no more than +/-15%, other than games missed for injury or suspension.*

### **SUMMARY CHART FOR COMPETITIVE/REPRESENTATIVE**

## APPENDIX H GHA Social Media Policy

**SOCIAL NETWORKING** is defined as Internet services that allow users to build profiles, share information, videos, images, blog entries, music etc. Social networking platforms focus on building online communities of people who share interests and / or activities.

### INTRODUCTION

This policy encompasses public communications through such Internet mediums and websites including; but not limited to; Facebook, Twitter, Instagram, Tumbler, MySpace, LinkedIn and any other social media network. It is applicable to all individuals involved in the operations of any teams and or Associations that are within the Gloucester Hockey Association (GHA). The team and / or individuals include: **Players, Parents, Coaches, Assistant Coaches, Managers, Trainers, Team PR Reps, Executive and Administrative Staff.**

The GHA understands and appreciates the importance of social networking; the immediate and public forum provides unique opportunities for updates, networking and promotion. However it also provides an unsupervised medium for inappropriate conduct to occur; conduct which can be detrimental to the welfare of the League, the Association, our teams and or individuals.

### GUIDELINES

The GHA holds its teams and / or individuals, which use or participate in social networking, to the same standards as it does for all forms of media including television, radio and print. Its teams and / or individuals should act in a professional manner at all times since they represent the GHA at all times. Of note, that once published online, comments are on record and cannot be retracted. All teams and or individuals are accountable for their comments and or actions.

### DISCIPLINARY MEASURES

The following are examples of conduct through social media and networking mediums that are considered violations of this policy and which will be subject to disciplinary action by the GHA Board of Directors:

- Comments or statements of an inappropriate nature which are detrimental to the league or GHA personnel, its programs, employees, on-ice or off-ice officials, players, coaches, arena staff, sponsors or any other actors.
- Divulging confidential information that may include but is not limited to the following: medical history (injury or other), game plans or strategies and any other information that is deemed confidential or sensitive in nature.
- Sharing or divulging photos, videos or comments which promote negative influences, cyber bullying or criminal behavior, including but not limited to: drug use, alcohol abuse, public intoxication, sexual exploitation, etc.

## APPENDIX I

### **GHA Discipline and Appeals Video Review Policy for Minor Hockey**

The GHA is adopting the majority of the HEO Discipline and Appeals Video Review Policy (see HEO.49.2) The minor differences will be to highlight the clarification of some of the statements in order to eliminate the ambiguity and guess work when applying said policy. The GHA policy will also be adding a couple of nuance applications of this policy in order for it to align better with the GHA Rules and regs (i.e. Section 21)

#### **1. Use of Video in the Discipline and Appeals Process**

As part of any Disciplinary or Appeal Hearing process, the GHA Discipline and Appeals committee may review a video record **on a case-by-case basis and may execute any or all of the following.**

- I. Request to set aside any penalty assessed by the referee which resulted in an automatic suspension of three games or more. The request will be sent to the HEO.
- II. Assess any appropriate penalty, suspension and/or supplementary suspension (including substituted or additional penalties) for any infraction committed during such game or during the aftermath of such game by any player or team official, regardless of whether the infraction has been penalized by the referee.
- III. Refer any game official to the HEO Referee-in-Chief or their delegate for follow up.
- IV. Dismiss the video as being irrelevant or inconclusive.

## 2. Video That Will Not Be Used in the Discipline and Appeals Process

Since the on-ice officials have rules at their disposal to penalize these situations, the GHA Discipline and Appeals committee will generally not review videos as part of the Discipline or Appeal process for:

- I. Reviewing on-ice officials' calls or non-calls, nor for the purpose of reviewing the on-ice officials' penalty selection **unless otherwise outlined in this policy. (see section 3.I)**
- II. Reviewing the conduct or actions of any official **unless otherwise outlined in this policy. (see section 3.II)**
- III. Reviewing the conduct or actions of any individual player or team official **unless otherwise outlined in this policy. (see section 3.III)**
- IV. Reviewing the conduct or actions of any teams during any game **unless otherwise outlined in this policy. (see section 3.IV)**
- V. The assessment of an on-ice official
- VI. Videos that **are not submitted** as part of the appeal process being requested by the appellant **(see section 3.V)**

### 3. Video That May be Reviewed in the Discipline and Appeals Process

The On-ice officials may not have rules at their disposal to penalize these situations or may not be able to make the appropriate assessment of the attempt to injure infraction, whether it resulted in a severe injury or not. Illegal plays resulting in severe injuries to players should not go unpenalized just because an on-ice official may not have been able to assess the appropriate penalty at that moment in time.

The GHA Discipline and Appeals committee may review videos:

- I. For identifying the correct player in situations in which an incorrect player may have been identified by an on-ice officials and erroneously issued a penalty resulting in a suspension of three (3) games or more **when it involves an appeal. When it involves the initial discipline process, it can be reviewed when a suspension is less than 3 games.**
- II. For reviewing the conduct of on-ice officials during altercations, specifically when use of force (verbal or physical) and/or violation of the maltreatment rule is concerned
- III. For reviewing a game situation to determine (as per the HEO Minor Minimum Suspension Chart) the appropriate length of a suspension to any player(s) who may have been directly involved in the attempt to injure infraction, whether it resulted in a severe injury or not, regardless of a penalty assessed at the time or not.
- IV. For reviewing the conduct of team officials, spectators and parents, specifically when use of force (verbal or physical) and/or violation of the maltreatment rule is concerned.
- V. For the purpose of the appeal of a suspension when it is the contention of the appellant that a rule has been erroneously applied or the on-ice official erred in his/her judgement when assessing a penalty that resulted in a suspension of three (3) games or more.

#### 4. Request for Video Review

Notwithstanding the GHA Discipline and Appeals processes, the GHA Discipline and Appeals committee may, of its own accord or at the request of an association president, review a video of any HEO sanctioned game as part of its disciplinary process.

- I. Which resulted in the on-ice official **erroneously** assessing a penalty for which **results** in a suspension of three (3) games or more **when it involves an appeal. When it involves the initial discipline process, it can be reviewed when a suspension is less than 3 games.**
- II. Any infraction not assessed by an on-ice official which warrants a suspension of any player or team official for three (3) games or more **when it involves an appeal. When it involves the initial discipline process, it can be reviewed when a suspension is less than 3 games.**
- III. Referral of any game official to the GHA Referee-in-Chief or their delegate for follow-up

#### 5. Items of Note

- I. Only the association president (or his/her delegate) may submit a request to review a video to the GHA Discipline and Appeals committee
- II. Once the request has been received by the GHA Discipline and Appeals committee, the committee will be engaging the GHA Referee-in-Chief. The GHA and GHA RIC will then engage the HEO as part of the follow-up
- III. This Video review Policy (sections 1 through 4) also applies to pre-game and/or post-game major infractions
- IV. **It is important to understand that although appeals and discipline can be related/connected, they are in fact two (2) distinct processes. As such, video review may only be considered when the suspension is for three (3) games or more when dealing with an appeal, whereas, video review may be considered for less than a three (3) game suspension when it involves the initial discipline process.**
